STATE OF THE CHAPTER

Compared to the past two semesters, our chapter was well prepared to cope with the implications of COVID. We were able to have a safe and successful pledge process, and in compliance with recent state regulations, we are able to safely host our weekly chapter meetings

In the Fall 2022 semester, we achieved a chapter GPA of 3.1, higher than any other campus fraternity. A newer development from our Scholarship chair is that we put together a scholarship competition where small groups of brothers competed for the highest

collective GPA. Besides giving an extra incentive for brothers to work on their grades, this also got brothers to use their competition groups as study groups where we helped and motivated one another.

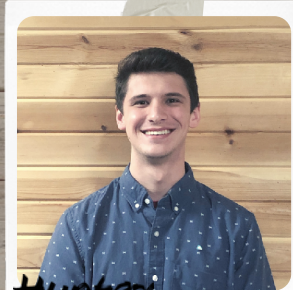

So far, we have scheduled two philanthropy events for later this semester: Derby Days and a partnered event with Phi Delta Theta, both at TBA dates.

As of March 13th, our chapter holds 21 active brothers. Of this, 16 are on sports teams, and 3 are in Greek-letter honor societies.
